The official Hole-In-One Register -Australian Edition is a bold new initiative which, for the first time, will recognize those fortunate Australian golfers who have found the cup 'in one fell swoop'. While the aim of the project is to list all aces scored in Australian competition (professional and amateur) to date, we here at the Official HIO Register acknowledges that there are some aces that may well have been lost to posterity. Nevertheless, we are confident the Australian golfing fraternity will continue to embrace the concept, registering their aces for inclusion in forthcoming published editions of the Official Hole in One Register. We then hope to see the continued growth and recording of all Australian Golfer's Aces through on line submissions on our website and registrations. In addition The Register includes many fascinating facts and figures/statistics/records, incredible stories pertaining to aces from around the globe.
